

## TRAVELING KEY WORKERS ROBB POOR PEOPLE

Thieves Enter Tenement  
House Apartments When  
Tenants Are Out, Tak-  
ing Money, Watches  
and Rings.

Eight Such Cases Reported  
to Police Within Two  
Days—All the Victims  
Live in West End—Fel-  
stein Loses \$66 and De-  
so Watch and Wedding  
Ring.

Detective Cronan is at work today  
upon several burglaries in the  
West End where a key worker has  
robbed a number of poor families of  
small sums of money. The thief  
makes a specialty of tenement houses  
in which people may walk through the  
hallways without exciting suspicion.  
The thefts are committed both by day  
and by night. The thief uses a skele-  
ton key to gain admission to apart-  
ments and works when the tenants are  
out. Eight such entries have been  
reported during two days.

Mrs. Alexander, resident of 415 Spruce  
street, had \$5 taken from her purse  
which was on the mantle.

Mrs. Mary Varga of 558 Wordin avenue,  
had \$5 taken from a bureau in her  
apartment.

John Deaso of 354 Hancock avenue,  
had a gold watch, a gold band wed-  
ding ring, a gold neck chain and two  
rings set with opals and other stones  
taken from his rooms.

Julius Felstein of 416 Spruce street,  
lost \$66 in bills which he had in a  
trunk in his room.

Mary Busker of 328 Pine street, had  
\$4 stolen from her apartments.

Mrs. Whelan, 1515 Spruce street,  
complains that a gold watch and  
three rings were taken.

The Park City Rink was entered  
Wednesday night, but nothing of value  
was missing.

Supt. Birmingham is of the opinion  
that the jobs are done by crooks who  
travel from one city to another mak-  
ing it a point to stay in a town only  
a few days.

## TO ROB COLUMBUS AS DISCOVERER OF AMERICA

Claim Made that Eight  
Goths and 22 Norsemen  
Explored Minnesota in  
1362.

(Special from United Press.)  
Chicago, May 22.—Proof that Chris-  
topher Columbus was 130 years late  
when he announced the discovery of  
America has just come to light. Co-  
lumbus, it is said, was beaten by eight  
Goths and 22 Norsemen who explored  
as far north and west as Kensington,  
Minn. In 1362, a big rock, inscribed  
with Runic letters has been found near  
Kensington and it has just been pre-  
sented as a historical discovery at a  
meeting of the German-American His-  
torical Society. Ekman, Holand, who  
owns the rock, said it was found by  
settlers in Douglas County, Minn. He  
translated the inscription freely as fol-  
lows:

"Eight Goths and 22 Norsemen on a  
voyage of discovery from Vineland  
westward. We had a camp by two  
steeples one day's journey north from  
this stone. We were fishing one day.  
When we returned we found ten men  
with blood and dead signs of evil.  
We left ten men by the sea to look  
after our vessel. 41 days journey from  
this island. Year 1362."

## Weather Indications.

(Special from United Press.)  
New Haven, May 22.—Forecast:  
Cloudy and rainy to-night, Sunday  
clearing.  
The storm that was central in  
Alabama yesterday has moved north-  
eastward and is now central near Hat-  
teras. It is producing rainy weather  
with high winds along the coast from  
North Carolina to Maine. This storm  
will probably pass out to sea but rainy  
weather with high winds will continue  
along the coast to-day.  
Another storm is central near Salt  
Lake City, Utah. Conditions favor for  
this vicinity cloudy and rainy weather  
and not much change in temperature,  
followed on Sunday by clearing. Storm  
warnings continue all along the coast.

## SUES WIFE FOR DIVORCE

(Special from United Press.)  
South Norwalk, May 22.—Papers in  
the divorce suit brought by Ambrose  
A. Brundate of Greenwich against his  
wife, Myrtle Cole Brundate, formerly  
of New Haven, were filed in the Su-  
perior court last night. The couple  
were married in New York in Septem-  
ber, 1906, and Brundate states that  
three months later his wife deserted  
him.

## GOVERNOR ASKED TO BE RELIEVED

(Special from United Press.)  
Washington, May 22.—In view of the  
criticism made in some sections of the  
country upon the appointment of Wal-  
ter E. Clark, as governor of Alaska to  
succeed Wilfred Hoggatt, the follow-  
ing statement was issued at the White  
House to-day:

"Governor Hoggatt stated to the  
President a number of times his de-  
sire to be relieved of the office of Gov-  
ernor and the appointment of Mr.  
Clark was not made until agreement  
had been sent by Governor Hoggatt,  
fixing a time when he asked to be re-  
lieved."

## VICTIM OF REVOLVER.

Birmingham, Ala., May 22.—Miss  
India Harris, a member of one of the  
most prominent families in Alabama,  
accidentally shot herself fatally to-day.  
She was examining a revolver in her  
apartment.

## SUNDAY PRISONERS FINED AND APPEAL IN WATERBURY

Judge McMahon Said He  
Followed the Statute in  
Imposing Penalty, But  
Personally He Felt that  
Baseball Should Be Per-  
mitted on Sunday.

(Special from United Press.)  
Waterbury, May 22.—The cases of  
Edward Simmons, ticket seller at the  
Readeville, Baseball Park, James Bow-  
man, ticket seller at Broadway Thea-  
tre, and Thomas Corrigan, ticket seller  
at Follis Theatre, who were arrested  
on Tuesday charged with violation of  
the Sunday law, came up in the police  
court to-day. The prisoners were fined  
\$6 each and all took an appeal.

Rev. A. G. Lawson and R. B. Gilman  
were the witnesses for the prosecution.  
In his decision Judge McMahon stated  
that it was serious question as to  
whether Sunday baseball was a viola-  
tion of the law as it had never been  
decided upon. The judge said he  
would have to follow out the statute  
and impose a penalty.

"Personally," he said, "as a result of  
my ten years experience with police  
courts I think it better that  
baseball be permitted on Sunday."  
The game scheduled between Spring-  
field and the home team to-morrow  
will no doubt be played.

## ALDRICH OPPOSED IN FIXING VOTE ON TARIFF BILL

He Wanted Senate to Agree  
on June 2 as Date for  
Final Vote, But Senator  
Daniel Objected.

(Special from United Press.)  
Washington, May 22.—Senator Aldrich  
today asked the Senate to fix  
June 2 as the date on which the final  
vote on the passage of the tariff bill  
should be taken. Senator Daniel ob-  
jected and the matter went over.

Aldrich had stated that he believed  
the three-quarters of the tariff bill,  
so far as it related to the dutiable list,  
had already been disposed of, the dutiable  
paragraphs had been agreed to, and  
of the remainder, consisting of  
disputed paragraphs there were about  
fifty per cent, upon which he believed  
there would be no controversy. He  
then made his ineffective attempt to  
induce the Senate to agree to a final  
vote on the bill on June 2.

Senator Cummins of Iowa, expressed  
the hope that he would not insist upon  
that motion, because, he said, there  
were many Senators who honestly be-  
lieved that the duties imposed by the  
bill might be reduced, and he  
thought they should be given opportu-  
nity to express their views.

Mr. Aldrich declared that he was not  
disposed to prevent a full discussion  
of the bill, but he thought there had been a  
good deal of irrelevant debate. He  
hoped that it would now be possible  
to proceed with consideration of the  
bill and the matter will be taken up  
tomorrow.

## ROOSEVELT'S DEADLY AIM FAILED HIM WITH BUFFALO

(By Staff Correspondent of the United  
Press.)

Nairobi, May 22.—For the second  
consecutive day Theodore  
Roosevelt's heretofore deadly aim  
has failed him and he would have lost  
the game he was after but for the shots  
of others. The president, who was  
with him, killed a buffalo who killed a  
buffalo after his father had wounded it,  
and today it was the shots of two  
other party that saved him. He was  
hugely buffed by getting away  
after Mr. Roosevelt had hit it twice  
but only slightly wounding it. After  
his success in killing a rhinoceros with  
a single shot and in bagging a lot of  
other big game with equal success,  
natives have come to expect Mr.  
Roosevelt to kill any animal with a single  
shot. There is no danger, how-  
ever, of the natives losing their awe of  
"Bwana Tumbo" or "Bwana Moto."  
The Roosevelt party has been in the  
time on the ranch. Mr. Roosevelt says  
the ranches here are far better than  
those to which he was accustomed in  
the frontier life he one time enjoyed  
in America.

## JUDGE DEMANDED RETURN OF STATE'S PAYMENT TO LAWYER

Arthur S. Platt found his pathway  
to a divorce impeded yesterday after-  
noon by the refusal of Judge Howard  
J. Curtis, sitting in the Superior court,  
to permit him to go on until \$25 allowed  
by the State to counsel, for the pur-  
pose of making a defense for the wife,  
had been paid. The allowance had  
been made to Keough and Candee, a  
Norwalk firm. W. A. Griffin, Jr.,  
represented the husband.

Keough was in the court house. He  
said that under the circumstances he  
would draw his check for the amount.  
The wife, he said, had desired to de-  
fend and had changed her mind. He  
had supposed that the payment was  
to permit her to receive legal advice,  
under which she might make a contest  
or not, as seemed advisable. The  
court having been adjudge Platt was  
given a decree. He married Mamie  
C. Platt in 1905. The desertion was  
in 1907.

## ARMOUR BONDS OF \$30,000,000

(Special from United Press.)  
New York, May 22.—\$30,000,000 worth  
of Armour & Company first mortgage  
bonds have been purchased by Kuhn,  
Loeb & Company for themselves and  
the National City Bank. The bonds  
are secured by a first mortgage on the  
real estate and plant of the Armour  
company, and the interest on the bonds  
totaling \$50,000,000. The mortgage  
provides that there shall always  
be a sufficient amount of unnumbered  
assets to offset the debt. When the  
entire proceeds of the bond issue have  
been used to liquidate the debt of the  
company then the bonds will be the  
only debt against \$115,000,000 assets.

## REAL ESTATE BUILDING FOR PAST WEEK

Permits Issued by Building  
Commissioners Last Night  
Pass \$100,000 Mark.

Contracts Let for Large Ad-  
ditions to Factories—  
Whiting Mfg. Company  
Has Plans Ready—Loco-  
mobile Co. and Brass Co.  
Let Contracts—Permit  
Issued for \$50,000 Hincks  
Building.

Projected building operations, as  
indicated by the building permits,  
passed the \$100,000 point for the  
week just ended. The list includes  
the permit for the new building to be  
erected by Enoch P. Hincks at an es-  
timated cost of \$50,000. The unusu-  
ally large plans for industrial exten-  
sions will soon be supplemented by the  
work to be done by the Whiting  
Manufacturing Co. of New York, which  
has prepared plans for a steel and  
brass factory building to be located  
on the site donated to it by the Board  
of Trade. Contracts will be let, it is  
understood, as far as possible to local  
people. The lot is on the north side  
of the railroad tracks, west of the fac-  
tory of the E. H. Smith Silver Co. The  
building will be two stories high and  
will be used for the manufacture of  
solid silver ware.

The Hincks building will be erected  
on the site of the old Hincks & John-  
son Carriage factory at Broad and  
Cannon streets. It will have a front-  
age of 100 feet on Broad street and  
114 feet on Cannon street; will be  
three stories high, and contain 75,000  
square feet of floor space. The com-  
pact building will be iron and brick.  
The brick will be much like that used  
in the Sanford building.

Real estate sales during the week  
were \$175,000 as against \$198,000. There  
was loaned on mortgage \$57,384, which  
is somewhat more than the amount  
loaned in the corresponding week for  
1908.

Two incorporations were added to  
those in the city this week.  
The Reliable Machine Co. of Bridge-  
port, Inc., was organized May 17, 1909,  
to make and deal in engines. Capital  
stock, \$50,000, divided into 500 shares,  
of \$100 each. Commence business  
with \$25,000. Incorporators: Henry  
J. Taylor, Oscar F. Berg, Susan V.  
Heley, Irwin A. Ganung.

Bridgeport Plumbing Supply Co., of  
Bridgeport, incorporated May 14, 1909,  
to plumbing and deal in plumbing ap-  
paratus. Capital stock, \$10,000, divided into 200  
shares, of \$50 each. Commence busi-  
ness with \$10,000. Incorporators:  
Stanley Ketchum, Frank H. Hogenauer,  
Robert A. McClenahan, Alfred J. Hag-  
enaner, all of South Norwalk.

Toole & Sunderlin have the con-  
tract for the concrete foundation and  
the Under-Corby Mfg. Co., of Pitts-  
burg the steel work on the tube mill  
and power house to be erected on  
Housatonic avenue by the Bridgeport  
Iron Works. The mill will be 100 feet  
high, 100x360 feet, of brick and steel,  
and the power house, 62x55 feet, one  
story high. Contracts for the brick  
work will be let soon. The mill will  
also be received for a four-story  
building, 79x60 feet, of brick and steel,  
to be used as a wire mill. The con-  
tract for this structure will probably  
be let in the near future. The plans are  
by Engineers Fletcher & Link.

The plans for the foundations of  
the new building to be erected at the  
plant of the Locomobile Company of  
America have been completed and local  
contractors are now submitting  
estimates. The plans for the super-  
structure will be put out in a few days.  
Lockwood, Green & Co. of Bos-  
ton are the engineers.

Contracts have been let for the con-  
struction of dwellings at the plant of  
the Locomobile Company of America.  
Mrs. Hurlock on Beechwood ave-  
nue; for Frank Closson on Webster  
avenue; for Mrs. Bridget Coates on  
Stratford avenue; for J. L. Parson on  
Seabright avenue; for Roy Carlson on  
Fairfield avenue; for I. H. Zimmer,  
two houses on Beardsley street.

## DEPUY'S OBJECTION TO VILLAGE STORE LICENSE UPHOLD

Grocery Must Not Sell  
Liquors Within 200 Feet  
of North Congregational  
Church—Rum Purchasers  
Must Use State Street En-  
trance.

When George W. Smith, manager of  
the Village Store Company, State and  
Broad Streets, asked for a license to  
sell liquors, Rev. John DePuy, pastor  
of the North Congregational church  
objected to the selling of liquors  
at the Broad Street entrance of the  
store, which he said was within 200  
feet of the church. The church has  
a mandatory that liquor cannot be sold  
within 200 feet in a direct line from  
any church. The license was granted  
for the State street entrance. Goods  
sold from the State street side of the  
building.

## BIG DEMONSTRATION PLANNED IN PARIS FOR TOMORROW

(Special from United Press.)  
Paris, May 22.—Revolutionists and  
strikers are planning a big demonstra-  
tion to-morrow in celebration of the  
anniversary of the bloody week of the  
Paris Commune. Laboring classes gen-  
erally are expected to participate and  
it is planned to give the warning strike  
movement a new lease of life. A gen-  
eral call has been issued by the Fed-  
eration of Seine, the Revolutionists or-  
ganization, to take part in the demon-  
stration. The authorities plan to have the city  
well guarded by police and soldiers as  
on May 1, when the beginning of the  
long deferred revolution was expected.

## PARSON DAVIES DEMANDS MARKETS CLOSED SUNDAY

After Consultation With  
Police Commissioner Hill  
North End Butchers and  
Grocers Are Permitted to  
Do Sabbath Business Un-  
til 10 a. m.

Prosecutor DeLaney Says a  
Strict Enforcement of Ob-  
servance of Statute Would  
Bring About Wholesale  
Opening of Business  
Houses.

Rev. Arthur R. Davies, pastor of  
Trinity Episcopal church, who made a  
protest against the Sunday opening of  
grocery stores and meat markets in  
the North End, has brought about an  
arrangement with the police authori-  
ties whereby all of the grocers and  
butchers in that section of the city  
may do business until 10 o'clock every  
Sunday morning during the summer  
months.

Rev. Mr. Davies in lodging his com-  
plaint with the Police Commissioners  
said he had canvassed the storekeepers  
and that the majority of them were  
hesitant to close their places of all  
would close, but there were a few, he  
said, who insisted on doing business.

President George E. Hill of the Pol-  
ice Commission took the matter up  
with Prosecutor A. L. DeLaney and it  
was found that the authorities were  
likely to meet the same snag that other  
cities have encountered in enforcing the  
Sunday laws. In other cities  
merchants of the Jewish religion and  
of other sects who believe that the  
seventh day of the week is the Sab-  
bath, certified to that effect and  
closed their stores on Saturdays,  
but opened on Sundays with displays  
of goods in front of their places of  
business and without regard for the  
Christian Sabbath.

Prosecutor DeLaney said that a  
strict enforcement of the Sunday law  
would bring about a wholesale open-  
ing of stores that could not be pre-  
vented.

It was finally agreed that the North  
End grocers and butchers would be  
notified to close their places of busi-  
ness at 10 o'clock every Sunday morn-  
ing. Mr. DeLaney was of the opinion  
that this would be a benefit to many  
poor families who patronized the North  
End stores and who cannot afford to  
buy groceries in the city. He said  
that if their Sunday dinners can be  
purchased in the morning direct from  
the ice box of the butcher instead of  
on Saturday.

## BOVE ENDURES SKELETON ORDEAL WITH COMPOSURE

Man Charged With Husband Murder at  
Behest of Wife Who Was Paramour  
of Another Faced Bones of His Al-  
leged Victim.

The mounted skeleton of Joseph Ber-  
gamo was a mute witness in the trial  
of Dominic Bove, for murder, yester-  
day afternoon. The grisly evidence  
was marked "Exhibit No. 8." Court  
Messengers Charles S. Evans brought  
in the dangling bones, and set them  
down close by the prisoner. State's  
Attorney Stiles Judson, with an in-  
clination of the head, caused the skele-  
ton to be shifted to a place more con-  
venient for the eyes of the witness,  
and also where the prisoner must see  
it in close proximity. Whether the  
bones were actually necessary to the  
case, or whether they were in the nature of an  
ordeal such as was frequent in the  
courts years since the state's attor-  
ney was asked to produce the bones,  
no physical indication that the skele-  
ton recalled the ghastly event in which  
the state claims he was a participant.  
It appeared by the testimony of  
Medical Examiner E. L. House of  
Darien, that the skeleton was com-  
plete, except for seven small bones.  
By reference to the exhibit the wit-  
ness located the place between the  
ribs where he had found a mass of  
shot and gun wad. Whether the shot  
had been fired from in front, or be-  
hind, the witness could not say, but  
he was sure that it was fired at close  
range.

## Shea Held Without Bail for Stabbing Sweetheart, Alice Walsh

(Special from United Press.)  
New York, May 22.—Cornelius H.  
Shea, formerly a member of the Inter-  
national Brotherhood of Teamsters,  
whose conduct of the famous Chicago  
strike caused much unsavory com-  
ment, was remanded to jail from the  
Jefferson Market court to-day to await  
the result of 24 stab wounds in the  
face and neck of Alice Walsh, the  
Chicago girl with whom it is alleged  
he has been living in New York. He  
is held without bail. Notwithstanding  
the seriousness of the girl's wounds  
there is chance for her recovery and  
a formal charge has not yet been  
placed against Shea.

oline Camp, Martha Wendt, Estelle

entine, and Helen Cogswell, and

Reaney, Thomas Wainwright, Carl Ham-  
ilton, and Robert Butts. The party  
broke up at a late hour.

## HALLEN TO DELIVER MEMORIAL ORATION

Well Known Local Lawyer  
Chosen by Elias Howe  
Post for Position of Hon-  
or.

Attorney Edward F. Hallen, secre-  
tary of the board of Education and  
one of the most eloquent of the young-  
er public speakers of these parts, has  
been chosen by Elias Howe Post, G.  
A. R., to deliver the Memorial oration  
at the annual memorial exercises of  
that celebrated post of Civil War vet-  
erans at Follis theatre, Sunday even-  
ing June 6.

Commander E. O. Ruggles of the  
post to-day confirmed the report that  
Attorney Hallen had been selected for  
the position of honor on the forthcom-

ing occasion. Heretofore the Post has  
brought to this city noted public  
speakers who for the most part have  
had wide recognition.  
The selection of Mr. Hallen for the  
honor of addressing the veterans and  
their friends upon this occasion is a  
most happy one and may be said to  
have been the outgrowth of a lecture  
recently given by Mr. Hallen on  
Lincoln unhesitatingly declared  
that they never heard anything finer  
and it was then the sentiment in fa-  
vor of his selection as the orator of  
the Memorial service manifested itself.  
In addition to the oration there will  
be a musical program and an like-  
ness of the deceased members of  
the Post will be thrown upon a  
screen. The ceremonies will be of a  
public nature.

## BROTHERS TOOK DENTAL TOOLS Arrested for Theft of Shoes Evidences of New Crime Found on Burns Boys.

Frank and James Burns, brothers,  
were found guilty this morning of rob-  
bing the office of Dr. C. C. Spaulding,  
the dentist in the Meigs' building. Of-  
ficer Joseph Coughlin arrested them  
for stealing shoes and found dentist's  
instruments in their pockets. Frank  
was fined \$5 and costs and sent to  
jail for 15 days while James got \$2  
and costs and 30 days in jail.  
The dentist left his office door un-  
locked and the Burns' entered.  
They will be brought from jail later  
to be tried for the theft of the shoes  
found in the pockets of James. Frank,  
of Newtown, who left his rig standing  
in Gold St., Thursday.

## THIS MAN'S RUM CREDENTIALS NOT GOOD IN COURT

How Applications for Club  
Licenses in New London  
County Caused Arrest of  
Man Selling on Certificate  
of State Liquor Dealers'  
Association.

Did the County Commissioners of  
Fairfield county issue club licenses to  
sell liquor? This question has been  
agitating a number of clubs in New  
London county, who have applied to  
the New London County Commission-  
ers for licenses. The applications were  
refused. This led to an investigation  
of the New London County Commis-  
sioners, who questioned the Fairfield  
County Commissioners.  
The result was the raiding of the  
club conducted by one F. Aurilio of  
Hallett street for selling liquors with-  
out a license. He was tried in the  
City court and held for the court of  
Common Pleas. Aurilio said he had  
a license. When asked to produce it  
he forked out a membership certificate  
in the State Liquor Dealers' Asso-  
ciation, signed by its president.

late Governor George L. Lilley was

tion offered as to its contents.

the course at noon today without mis-  
hap. They left on the third lap at 12  
o'clock and it is expected that the en-  
tire course of 213 miles will be covered

## ELKINS BITTERLY CRITICISES ALDRICH TAREFF BILL, PLEADING FOR COAL, IRON, LUMBER AND OIL

West Virginia Senator, for  
Years One of the Stalwart  
Republicans, Sharply Criti-  
cised the Aldrich Bill and  
Drew Stinging Retort  
from the Iowan.

Elkins Claimed that the  
Great Interests of His  
State Had Been Sadly  
Neglected, While Duties  
on Farm Products Had  
Gone Up Higher.

(Special from United Press.)  
Washington, May 22.—Sharp criticism  
of the Aldrich bill came from an un-  
expected quarter to-day when Senator  
Elkins of West Virginia, for years one  
of the stalwarts of the Republican  
party, delivered a broadside in the  
Senate in opposition to the schedules  
presented by the finance committee.  
He claimed that the great lumber, coal,  
oil and iron interests of West Virginia  
had been sadly neglected while the  
duties on farm products had been  
maintained or advanced.

Chairman Aldrich of the Finance  
Committee, who had been invited to  
a duty on agricultural products.  
Elkins replied that while he was will-  
ing to grant protective rates for others,  
he was not willing to make a trade  
with the Senator from North Dakota.  
"I would rather trade with you,"  
asked Aldrich. "I would rather trade  
with you," said Elkins. "This bill  
amounts to a crucifixion of West Vir-  
ginia."

"Protection seems to be a matter of  
hugest importance," suggested Sen-  
ator Bailey of Texas. "That will be  
evident before this is over," said Aldrich.  
Elkins said he couldn't understand  
why some tariff makers had been cre-  
ated from 25 to 100 per cent, while West  
Virginia products were subjected to  
lower duties. A great national bill like  
this should be uniform in its  
application.

Cummins said that while he had  
asked for protection for eight or ten  
years, the state had voted for pro-  
tection on about three hundred  
things in West Virginia. Aldrich ap-  
proved Cummins' statement and  
suggested that Elkins would show bet-  
ter judgment if he would limit his talk  
to the lumber question.

Elkins said there were three classes  
of duty: one ranging from 50 to 300  
per cent; one from 25 to 50 per cent, and  
one from 5 to 25 per cent.  
West Virginia is in the low duty  
class, he said, and is the victim of an  
outrageous discrimination against oil,  
coal and lumber."

Cummins told how the farmers of  
the north had all become million-  
aires and of the said state of West  
Virginia under protection. He pointed  
to Senator Elkins as one of the typical  
millionaires. Elkins, six feet tall, broad,  
straight, ruddy, vigorous and prosper-  
ous in appearance. He is worth mil-  
lions of dollars and looks the part.

The warrant was issued by Officer Peter  
Hall this morning that he had been  
robbed by the woman of \$50 and that

mingham at the police station, that he  
was robbed only of \$12 and that he  
had \$87.

The superintendent looked and found  
in the wallet only \$7. To Judge Wilder  
in City Court the Russian said he  
had given the Cullen woman \$5, but  
"mad" because she refused to enter-  
tain him.  
Brussos testified that he found Was-  
nosky choking the woman. The Rus-  
sian was fined \$5 and costs for breach  
of the peace and sent to jail for 15  
days for his part in the case. He was  
discharged.
